

# Dodge 'Em

This is a game for 2 players, and uses 3 games pieces per player (for example 3 pennies and 3 dimes)

The goal is to move all your pieces across the playing board to the opposite edge.

Setup: Each player puts 3 pieces on the left edge or 3 on the bottom edge

Play: Players take turns moving one of their pieces forward one space (up or right --no jumping, never diagonally, never backwards.) You cannot move into a spot where your opponent has a piece.

The first Player to get all their pieces off the opposite side of the board WINS!!
